Onsite team days scale at **+\$150 per additional person** beyond included headcount and are best value at 12+ people. The 8-pack adds talent up to 11; 12+ books the 15-pack rate, which holds \$100 per talent at any size. Travel beyond LA / OC / SD quoted per project.

**Why \$200 entry?** LA market floor for a 15-min studio session sits at \$250 to \$500. We hold the entry at \$200 so a clean professional headshot is never out of reach. Every tier above earns its lift: more time, more looks, more retouch, more delivery.
